Ref.: WG-63-0987

Mr. Joseph Milton  
Propeller Service of Miami, Inc.  
P.O. Box 756  
International Airport  
Miami 48, Florida

Dear Mr. Milton:

We have been advised by Mr. Roy Herold, Chief, American Procurement Department, Los Angeles, that he has arranged to purchase from Propeller Service of Miami, Inc. a Hamilton Standard Integral Control Unit Test Stand for shipment to our Tainan maintenance base.

In this connection we have arranged for Mr. E. M. Walsh, one of our maintenance supervisors who is now in the U.S. on vacation, to visit your facility during the week of April 1, for the purpose of determining how this equipment should be set up and operated after its delivery to Taiwan.

Mr. Walsh has been instructed to report to you and we shall greatly appreciate any assistance you can provide him.

Sincerely,

G. W. Gilmer  
Assistant to Managing Director
